At just thirteen years of age, Tony Traynor was running errands for crime boss, Stanley Vinton. The tasks which would escalate into carrying out criminal acts and collecting money owed on gambling debts. By sixteen years old he was running a club-door security firm on behalf of Vinton, bringing in money beyond his wildest dreams.

By eighteen years old, Traynor had become ambitious, he decided to go it alone and expand.

Vinton did not approve, Traynor didn't care. Destined to set his sights on becoming top-dog, the path was never going to be an smooth one for him. By the time he reached his twenty first year, Traynor was a millionaire, running a series of successful businesses. Traynor was also a man who was harbouring a cold dark secret, a secret that only those complicit to that secret would ever know. 'This was my Playground' is the story of how he got to where he is today, a journey that is violent and bloody, while in contrast, is also heart-warming and sentimental; seen through the eyes of Traynor - from his humble beginnings as a tough boxer and street-kid, through to becoming a millionaire businessman against all opposition.
