Erin du Toit's 9-year old daughter has been kidnapped by Johannesburg's most powerful witchdoctor. Can Erin save her child before she's chopped up for muthi? Erin's first instinct is to go to the police, but the South African Police Force is paralyzed by corruption and overwhelmed by hundreds of open cases. Cases just like Erin's. Erin delves into the dark underbelly of Johannesburg to find the man who took her daughter. When she realizes that the police are protecting him, she must decide between disobeying a violent police force and giving up on her daughter. \*\*\* "Strong Medicine is an unsettling and engrossing jaunt through the high streets and back alleys of Johannesburg. Filled with memorably kick-ass women, a poignant take on suspended grief, and a plot that will keep you on your toes, this is the perfect book for late nights and bad dreams." - Katy Lees, Dirge Magazine
