Have you ever been swept away by a story? If you have, you know the magic of the storyteller--and you know that magic is real. That is seventeen-year-old Toren's magic . .

. but is she brave enough to accept the power that lies within her? When Toren returns home, her little sister, Noa, is full of questions. Noa demands to know why Toren wakes only at night; what causes her almost constant pain; and above all, why, after completing her apprenticeship, she has decided not to become a wizard. To answer, Toren weaves a tale about a journey that leads her to discover the greatest source of magic in her world--herself. It is a revelation that comes at a high price. Through her darkest years, Toren finds solace and strength in the stories she tells. But her greatest tale is not yet finished. Together with Noa, she sets out on a new adventure.

And in the end, she must choose: will she continue to cling to her dream of an ordinary life, or will she dare to let her own magic shine? TOREN: THE TELLER'S TALE is more than an inspirational fantasy. It is a philosophical tale about the enchantment of literature, because in Toren's parallel world there is no greater power than the magic of storytelling.
