"Out there on the trail, I'm in charge. You do what I say, when I say, always. You get on that horse, and you're bound to me. No exceptions." Hardened outlaw, Levi, is out for one thing; revenge. On his quest to find the man who murdered his mother, he passes through his hometown, where he visits Cecil, an old friend that owes him a favor. When Levi catches Rose, Cecil's daughter, peeking at him through the window, suddenly revenge isn't the only thing on his mind. Rose craves more than the daily tedium of working on her family's farm. While walking home one day, she encounters a fortune teller, who tells her an adventure waits right around the corner.

When she comes home to find a dark, dangerous stranger sleeping in her bed, she's sure this man is her destiny. She leaves a note for her family, then rides off with the outlaw, promising herself to him. Levi is happy to have a pretty companion, but he's well aware of the dangers on the wild frontier. The only way to keep Rose safe is to demand her complete obedience, and to correct her behavior with sound, bare bottom spankings. Rose resolves to submit to Levi, even if it means surrendering her body to him whenever and wherever he likes.

Long days on the road, and cold nights camping start to wear on Rose. Can she remain obedient to Levi, and fulfill her promise to be bound to him? Will Levi get the revenge he desperately seeks, and still manage to keep Rose safe? Bound to the Outlaw is a domestic discipline romance set on the wild western frontier in the 1880s. It contains graphic love scenes, themes of domination and submission, anal play, and a man spanking a woman. Intended for adults only.
