He was infuriating! She was exasperating! She gave him her body but denied him her love! Christine fumed as she followed the tough tall Texas ranger up the Sierra Madres trail. She'd hired Chad Yancey to help her rescue her brother. But who would rescue her when Chad crushed her soft curves to his broad, hard chest, seared her sweet flesh with the heat of his kiss, destroyed her will with intimate, indecent caresses? She had sworn she'd never trust a man with her love - but when he held her she couldn't even trust herself!
