Stuart Rowantree is desperately in love. Sure, he's infatuated with the Vicky, the girl who never really notices him. And he's aroused by Shawna, the girl who is always mean to him. But Stuart finds himself in love with something else... he is passionate over a movie theater. He adores every popcorn machine; he swoons over every box office window. Enjoy Your Show is a neurotic, funny, and strangely romantic novel. It's a coming of age story set in the minimum wage world of movie theater employees. After graduating from high school, Stuart and his fellow employees find an oasis between adolescence and adulthood. But will they ever grow up? Will they ever do something important? Will they ever want to?
