ALANNAH I have always been the princess. As the youngest of six with five older brothers and the wealthy background of my family Princess is the go-to name for others to describe me. Surprisingly Chase Matthews doesn't seem to know who I am, but I know who he is. The son of a drug dealer, scum, the dirt of Miami. That's what the press tells about him. I want to get to know the real him, because he seems so different from what others told me about him and he seems interested in getting to know the real me, without the flashy picture others have painted from my family. I can hold my brothers back, but I can't hold back the other stones life throws in our direction and no one expected the real threat. CHASE Getting hunted by the press for months after what happened with my dad taught me to keep a low profile. I never would have thought that a girl like Alannah would be interested in someone like me. But she is and I would be a damn fool if I'd let her slip through my fingers. I never expected to fall so hard and fast for her and all the drama that comes with being with her, but I did. She is worth it, but when a ghost from my past threatens to destroy our happiness I have to hold on tight to keep the girl I love with me. *** *Contemporary Romance *Adult content (only for readers 18 +) *Can be read as stand-alone *Dual POV
