Yours to Love ~ A Bad Boys and Bands Romance ~ Curvy, twenty-eight-year-old Gia Kincaid has always been overlooked. As a receptionist at Arm Candy, a service that hires out models to keep bad-boy rock stars out of trouble, no one gives her a second look. But, when a last-minute request comes in to go on tour with Abel Kincaid and no one else is available, she jumps at the chance at earning the kind of cash the models make. She's going to keep Abel on the straight and narrow, then go back to her regular life a little richer. As soon as sexy frontman Abel Kincaid sees Gia Simone, he's overcome by the desire to pluck her strings and make her sing. The heat between them is undeniable, but before he can get her in his bed, he's got to prove he's not just another love 'em and leave 'em musician. Will they find their forever love song or will their lust for each other end the moment the tour's over? Oh, who am I kidding? Of course, they end up living happily ever after! This is an Adele Hart book! Caution: Adele Hart specializes in quickies with a heart-on. All insta-love, all HEA's, all the time. The dirtier the better.
